Let it melt.

Now pour ALL the beaten eggs into the hot pan.

Wait 5–10 seconds.

---

## STEP 6 — SCRAMBLE THE EGGS

- Garlic

Cook 20 seconds.

Then add:

## **STEP 11 — NOW ADD EGGS BACK**

### **THIS IS THE SECOND TIME EGGS GO IN**

Take the cooked scrambled eggs kept aside earlier.

Add them back into the rice.

Mix gently.

Do not crush eggs too much.

You should see egg pieces in rice.

---

## **STEP 12 — FINAL FINISH**

Add:

- Spring onion greens
- Tiny spoon ghee/butter

Mix for 30 seconds.

Done.

---

## **WHY WE REMOVE EGGS FIRST**

Restaurants do this because:

- Eggs stay soft
- Eggs taste richer
- Rice texture becomes better
- Eggs do not disappear into rice

---
